Les Bourgs

H O S P I C E

Les Bourgs Hospice is a Christian charity that cares for people who have a life limiting disease, at any stage of their illness.

It is the only hospice in Guernsey and the facilities are available to all residents of the Bailiwick. It receives no financial support from the States of Guernsey.

Our philosophy is to provide palliative care (treatment that relieves but doesn't cure) by specialist medical and nursing staff, in a welcoming environment that reflects the specific needs of our patients and their families.

Whilst cure may not be possible, the careful control of pain and other symptoms plus the provision of space and time to discuss emotional and spiritual needs enable patients to live with dignity and free from distress – both physical and psychological.

Our aim is to help the patient and their families experience "quality of life" and for the patient to retain their individuality and independence for as long as possible.

These services are available at no charge to the patient or family, and will cost £400,000 per annum. The charity is dependent on fund raising, donations and bequests to meet these day-to-day running costs.

Becoming a "Friend of Les Bourgs" is therefore an opportunity for you to lend your support to the charity by committing yourself to nothing more than an annual subscription.

For an annual subscription, you will receive regular information about the hospice, it's work and events so that you can spread the word further afield.

If you wish to send a donation and not become a friend, please check the Hospice website (www.lesbourgshospice.org.gg) for suggested ways of donating or you can use the address overleaf.
